

Micro Wedge

Applications:

- Switches

Capability:

Material: BK7 grade A optical glass

Typical Dimension: 1 x 1 x 1mm

Flatness: $\lambda/8@632.8$ nm

Surface Quality (scratch/dig): better than 20-10

Angle Tolerance: ± 3 arc min. or better

AR Coating: $R < 0.2\% @ \lambda_c \pm 40$ nm, $\lambda_c = 1310, 1550$ nm...

Other sizes, material and coatings are also available upon request.
